

Introducing Albaad's

**Hydrofine**®

Moist Flushable Fabric

## What is Hydrofine®?

Hydrofine® is proudly Albaad's latest innovation: **a 100% dispersible moist toilet fabric**, customized by unique nonwoven grade, appearance and quality.

Albaad is currently the sole manufacturer offering a complete Moist Toilet Paper solution, including fabric, liquid and packaging.

## What Makes Hydrofine® So Special?

- 100% Biodegradable
  - Superb dispersibility performance - compliance with INDA/EDANA flushability guideline
  - Better than benchmark products - improved wet-strength, dispensing and usage
  - Unique fabric appearance - 3D embossed customised patterns
- Available in different formats: single packs, soft packs, vertical or horizontal tabs

## About Albaad

Albaad is a leading global manufacturer of disposable hygiene private label products with eight quality manufacturing plants worldwide, offering a complete category solution: Wipes, Tampons, Sanitary Napkins and Adult Incontinence products.
